

64-Gallon Recycling Curb Cart Program and Application Form

To increase recovery of recyclable materials and provide additional capacity for residents that generate large amounts of recyclables each week, the city will make available at no charge a limited number of 64-gallon carts to be delivered to properties in May 2017.

Wheeled roll-out carts are convenient to use and easy to move to the curb. However, more space than is typically needed for a standard recycling bin is required to store and maneuver the cart to the curb. To maintain the city goal of having trash and recycling containers visible from the street only during collection days, the city desires to provide carts to residents that demonstrate need and have a suitable storage location.

To be considered for a cart, the following application must be completed and returned to the city by **March 31, 2017**. Carts will be awarded on a first come first serve basis after evaluation by the city to verify need and that adequate storage space is available at the property. The city will determine if a property is suitable to receive a cart and notify those to be awarded one. ♦

Name: _____

Property Address: _____

Phone: _____

Email Address: _____

Checklist: *(Please check to denote agreement)*

- I am the owner of the property listed above.
- I agree to store the 64-gallon cart in compliance with city storage policies and procedures.
- I agree to use the cart for storage of recyclable materials collected by the city program, to set out the cart when full, and not use the cart for trash/non-recyclable materials.
- I agree to maintain the cart and reasonably protect it from loss, damage or theft.
- I understand that the cart is numbered and will be assigned to the property address on the application and I am responsible for using the cart only at this property address.
- I acknowledge that that the cart is the property of the City of Lancaster and that improper, unauthorized or misuse is cause for the city to remove the cart.
