

**Open to the Public
As of January 11, 2018**

Construction Inspector – Public Works

Primary Duties:

Under general supervision of the Deputy Director, performs construction management duties, construction inspection and quality assurance on public works, utility and development projects related to general improvements to public right-of-ways. Ensure compliance with City standards, codes, designs and specifications mainly involving asphalt, concrete, utility structures and appurtenances, and all general construction common in a public right-of-way, including but not limited to water, sewer, stormwater, gas, electric, and communications.

Work Schedule:

Monday through Friday; 8:30 am – 5:00 pm

Must be available to handle emergency situations after hours, weekends and holidays.

Education, Training and Experience:

- Graduation from a four (4) year college with a BS in Civil Engineering and one (1) year of experience; or associate degree in Civil Engineering and three (3) years' experience; or a high school diploma and seven (7) years' experience in public works construction, or any other equivalent combination of education and experience.
- Bilingual ability (English/Spanish) is highly desired.
- Trained in minimum OSHA 10 hour construction safety, and fall protection, confined space and permit required confined space entry.
- Minimum of five (5) years of field related experience in building or utility construction work, including three (3) years of experience as an inspector or superintendent of major construction work; or an equivalent combination of education and experience.
- Experience working effectively with the public and previous codes enforcement experience is desirable.
- Knowledgeable in the use of the Penn DOT Engineering and Construction Management System (ECMS).

Licenses and Certificates:

- Must possess a valid Pennsylvania Driver's License.
- Preference given for industry acknowledged certifications.
- Preference given to candidates approved as a Penn DOT Transportation Construction Inspection Supervisor Level 1 (TCIS-1) for Materials, Asphalt, Concrete, Soils and Highway Construction or possess an equivalent certification.
- Preference given for National Institute for Certification in Engineering Technologies (NICET), ACI and/or NECEPT certifications.
- Registered certificate in one or more construction disciplines (electrical, mechanical, plumbing, civil, etc.) with
- Employee will be **REQUIRED TO OBTAIN** certification, or be actively enrolled in a certification program, in one or more of the following certification programs within 6 months of hire, as determined by the supervisor at the time of hire: NICET, ACI, NECEPT, NSEC, NEC, or Penn DOT TCIS. City of Lancaster will provide training opportunities as necessary for candidate to meet this requirement.

**Hiring Range: \$ 58,459.66- \$ 81,843.52, Depending upon Qualifications
Full-Time; Full benefit package**
